Afterwards, we'll head to the iconic Xcajum, where we'll admire its crystal-clear blue waters surrounded by a wide variety of flora and fauna. Then we'll travel to the marvelous city of Izamal, located in the heart of the Yucatán Peninsula. Also known as the City of Three Cultures, it embodies three distinct historical periods: its pyramids reaching for the sky in the courtyards of its houses, testaments to the grandeur of the Maya; its convent, whose charm stems from the silence of its majestic walls, forever marked by Spanish influence; and its streets, buildings, plazas, houses, and churches, all in a harmonious visual rhythm of a single color: yellow. Here, some of the most exotic species in the Yucatán Peninsula coexist. More than 300 species of birds have been recorded, including forest birds (woodpeckers, hummingbirds, and motmots) and water birds (frigatebirds, herons, and ducks). The beautiful pink flamingo is a highlight. We'll venture by boat into the mangrove forest trails to discover this unique ecosystem with its delicate balance. Afterwards, we'll return to Mérida.
